

Scene Study 1 Script

In your pairs or groups, answer the Open Scene Study Worksheet questions to help give context to these scenes. There are two scripts to choose from. You may do one or both depending on how much time your group has.

Script One

A: Hello.

B: Hi.

A: I didn't expect to see you here.

B: I could say the same for you.

A: What's new?

B: Not much. You?

A: Same. It's supposed to rain today.

B: Oh, really?

A: Buckets.

B: Well, see you later.

A: Yeah, I'll see you around.

Script Two

A: Can you believe that?

B: No.

A: What are we going to do?

B: We?

A: This is really big.

B: We can manage it.

A: Got any ideas?

B: Yes, but don't tell anyone.
